EDUCATION

Università Cattolica del Sacro Cuore

Master of Science (Laurea Magistrale) in Data Analytics for Business

Milan, Italy

Sep 2025 – Expected 2027

Coursework: Applied Linear Models, Algorithms & Deep Learning, Time Series, Computational Statistics, Optimization, Statistical Learning.

Università degli Studi dell'Insubria

Bachelor of Science (Laurea Triennale) in Mathematics

Como, Italy

Graduated – Mar 2025

Thesis: Neural Network Architectures for Football Performance Forecasting using TensorFlow and Keras. Modeled player telemetry to forecast performance metrics using backpropagation and Adam optimization.

Pontificio Collegio Gallo

Liceo Scientifico Internazionale (High School Diploma in Science)

Como, Italy

Sep 2016 – Jun 2020

FEATURED PROJECTS & DATA COMPETITIONS

Evaluating Offensive Production in Serie A (xG Linear Modeling)

Academic Research (Cattolica)

Technologies: R, FBref/Opta Event Data, Multiple OLS Regression, Residual Diagnostics

2026

- Built a multivariate OLS model on 120 Serie A forwards predicting Expected Goals (xG) beyond shot counts ($R^2 = 91.4\%$, Adj $R^2 = 90.8\%$).
- Performed tactical outlier diagnostics (identifying tactical roles of Krunić, Cutrone, João Pedro) and validated out-of-sample on Olivier Giroud.

IFCS 2026 International Data Challenge

Competitive Machine Learning

Technologies: Python, Scikit-Learn, Imbalanced Classification

2026

- Predictive classification pipeline forecasting SME financial distress across 14,000 Italian firms with signed log transforms and 5-Fold Stratified CV.

Multi-Horizon XGBoost Predictive Engine & Dashboard

ML Engineering

Technologies: Python, FastAPI, XGBoost, Purged Walk-Forward Cross-Validation, Plotly

2026

- End-to-end forecasting pipeline with purged walk-forward CV and embargo buffers to strictly prevent lookahead bias; deployed REST API.

Serie A Player Profiling & Longitudinal Analytics

Football Analytics Suite

Technologies: Python, Pandas, Matplotlib, Plotly

2024 – 2026

- Multi-season performance tracking across 5 seasons (2019–2023) for central/wide defenders, attacking KPIs, and shot-stopping metrics.

WORK EXPERIENCE

Event & Festival Bartender / Hospitality Staff

Various Locations

International & High-Profile Music Festivals (Nameless Festival, Snowland Festival, etc.)

Apr 2025 – Present

- High-volume hospitality operations under peak pressure during major festivals (20,000+ daily attendees); stress resilience and teamwork.

XROAD SSDRL

Cadorago, Italy

Operations & Front-Office Assistant (Part-Time)

Jan 2025 – Feb 2026

- Customer onboarding, CRM database management, and active subscription coordination for over 200 members.

Private Mathematics Tutoring

Milan / Como, Italy

Mathematics Tutor

Sep 2020 – Present

- Mentored 50+ secondary and university students in advanced calculus, linear algebra, and probability theory.

ATHLETICS & EXTRACURRICULAR

- Hyrox Athlete:** Functional fitness, aerobic endurance, high-intensity running and stamina racing.

TECHNICAL SKILLS & COMPETENCIES

- Programming & Tools:** Python (NumPy, Pandas, Scikit-Learn, TensorFlow, Keras, FastAPI), R (tidyverse, car, leaps), SQL, Git, L^AT_EX.
- Artificial Intelligence:** Prompt Engineering, LLM System Integration, ML/DL (Google Cloud & Anthropic Certifications in progress).
- Domain Expertise:** Football Analytics (Opta/FBref event metrics, xG/xA modeling, tactical profiling), Financial Modeling, Time Series.
- Languages:** Italian (Native), English (Fluent / Professional Working Proficiency).
